[57] **CLAIM**

The ornamental design for a hand held portable computer in the form of a book, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a hand held portable computer in the form of a book showing my new design in the open position;

FIG. 2 is a top plan view of the new design in the open position;

FIG. 3 is a side elevational view of the new design in the open position, the opposite side is similar except for the location of the hinges;

FIG. 4 is an end elevational view of my new design in the open position;

FIG. 5 is an end elevational view of my new design in the closed position, the opposite end being a mirror image;

FIG. 6 is a top perspective view of my new design in the closed position, the bottom being a mirror image of the top.
